Allowable Subject Matter

The following is an examiner's statement of reasons for allowance:

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Claim 1 is allowed.

The prior art discloses a switch with plurality of ports and plurality of memory storage devices for storing of source and destination address and associated messages.

The prior art however fails to disclose a switch device, connected to plurality of network ports with a first and second memory control devices, for creating a source address and associated messages of said network ports by the first memory device, creating a destination address and associated messages of said network ports for network packets in accordance with the contents of said first memory device, and managing the contents of said first memory device; and a memory management device, connected to said plurality of network ports and said second memory control device, for managing the contents of said second memory device.

Claim 9, is allowed.

The prior art discloses a switch with plurality of ports having a routing table for recording of source and destination addresses and a route learning device and route selecting devices that respond to the destination address within a packet header.

Art Unit: 2616

The prior art fails to disclose or suggest providing an arbitrating device for arbitrating between route learning and selection processing order for packets received from the plurality of network ports.
